

REMARKS/ARGUMENTS

1.) Claim Amendments

The Applicant has amended claim 21 and cancelled claims 22-29. Accordingly, claim 21 remains pending in the application. Favorable reconsideration of the application is respectfully requested in view of the foregoing amendment and the following remarks.

2.) Allowable Subject Matter

The Examiner indicated that allowable subject matter might be obtained by amended claim 21 to include the limitations of claims 22, 23 or 24, 25 or 26, 27 and 28. Without prejudice or disclaimer to the patentability of claim 21, the Applicant has amended that claim to include the subject matter of claims 22-28. The unique combination of elements of claim 21 are neither taught or suggested by the references previously cited by the Examiner and, therefore, that claim is now allowable.

CONCLUSION

In view of the foregoing amendments and remarks, the Applicant believes all of the claims currently pending in the Application to be in a condition for allowance. The Applicant, therefore, respectfully requests that the Examiner withdraw all rejections and issue a Notice of Allowance for claim 21.

The Applicant requests a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.
